ABOUT COLLEGE

The college is equipped with the best infrastructure and all types of modern equipments, which has been instrumental in creating awesome credibility in a very short span of its existence. We believe that having established our credentials in the field of education, we need to take our commitment forward by introducing newer and higher avenues for budding pharmacy students. Our aim is to imbibe the good work practices as well as research culture and professional attitude amongst the student fraternity to make them able and competent to contribute to the ultimate goal of having healthy India.

AIM TO SERVE HUMANITY BETTER

CHAIRMAN'S MESSAGE

We are very much happy that P. G. College of Pharmaceutical Sciences and Research is committed to provide efficient infrastructure, laboratories, equipment and to develop the students as competent pharmacist and highly qualified dedicated professionally in the future. We are continuously working to improvise the concept of Pharma education in today's global era with an aim to serve humanity better.

SCOPE OF PHARMACY

- ✓ Career Scope & Job Opportunities in Pharmacy field are huge. Due to the opening of large pharmaceutical companies, the future in the field of pharmacy is bright.
- ✓ Numerous jobs are available for pharmacists in government as well as private organizations. After completing your studies, you can easily find jobs in pharmaceutical industries, government departments, colleges and universities, hospitals, investigation and research institute etc.
- ✓ Pharmacists can practice in community pharmacy, hospitals, clinics, extended care facilities, psychiatric hospitals, and regulatory agencies. Sales & marketing job sector also hires maximum number of pharmacy graduates.
- ✓ One can also work in retail stores of medicines. After registering with the state Pharmacy Council, you can open chemist/drug shop and sell medicines as per doctors prescription.

VISION

To develop Pharmacy graduates by providing competency based education along with continuous learning and leadership skills to nurture the Society.

MISSION

In pursuance of its vision, P. G. College of Pharmaceutical Sciences and Research aims to excel in the field of pharmacy education and research by maintaining quality education through competent faculty members, skilled support staff and state-of-the-art infrastructure.

Providing conducive academic environment of higher standard that encourages interactive learning builds research abilities and provides opportunities for active professional network. Inculcate the values and commitment towards better healthcare of the society

GOAL

Our goal is to impart Quality Education and contribute towards the character building of students. Our endeavor is to provide a conducive academic atmosphere for students to freely interact for better learning.
